PROFESSIONAL EXPERIENCE

TECHNICAL SUPPORT SPECIALIST

Quant Tekel Consultancy Ltd. | January 2026 – September 2026

- Manage customer orders, cancellations, refunds, and related documentation through ticketing systems while ensuring compliance with established procedures.
- Collect, validate, and organize customer and operational data to support case investigation, processing, and accurate recordkeeping.
- Coordinate with merchants and internal teams to investigate customer concerns, resolve order-related issues, and facilitate timely resolutions.
- Handle chargeback and dispute cases, gathering supporting information and coordinating evidence for resolution.
- Manage technical support cases through ServiceNow and Jira, monitoring issues from initial reporting through resolution.

- Provide operational support for MetaTrader 5 Manager and TradeLocker, assisting with accounts, platform, and trading-related technical concerns.
- Troubleshoot server and trading-platform issues to help restore functionality and minimize operational disruption.
- Maintain accurate records across customer support, orders, trading operations, and dispute workflows, ensuring information is organized and accessible for ongoing cases.

CUSTOMER SUPPORT SPECIALIST

Tallant Asia Inc. | July 2025 – December 2025

- Resolved customer inquiries and service issues while maintaining accurate interaction and follow-up records.
- Documented customer concerns, actions taken, and resolutions to support consistent case follow-up and internal visibility.
- Coordinated escalations with internal teams to move complex customer issues toward resolution.

L&R SUPPORT T1 PREMIUM AGENT

Supporting Enterprise | November 2024 – February 2025

- Provided live-chat technical support for Yotpo Loyalty & Referrals, resolving product questions and platform usage concerns.
- Built and configured customer sites through Shopify based on client requirements.
- Troubleshoot Shopify integration issues to help clients restore and maintain expected store functionality.
- Guided clients through Yotpo L&R features and usage practices supporting customer engagement and retention.
- Documented troubleshooting steps, client interactions, and resolutions to improve case continuity and knowledge sharing.
- Coordinated complex technical escalations with Customer Success, Product, and Engineering teams.

ASSOCIATE SOFTWARE ENGINEER

Accenture Inc. | August 2022 – August 2024

- Administered SharePoint sites and configurations based on client and project requirements.
- Provisioned SharePoint sites and managed user access, permissions, and configurations across SharePoint, Azure, and Microsoft 365.
- Configured user access and permissions in Active Directory (AD) and AWS environments.
- Processed renewal of SSL certificates for sites to help maintain secure and uninterrupted access.
- Developed, tested, and maintained software applications based on client requirements.
- Investigated application issues through troubleshooting and debugging to support stable system operation.
- Supported software deployment, configuration, and post-production maintenance.
- Worked with technical teams to deliver end-to-end software solutions.

CUSTOMER SERVICE REPRESENTATIVE

Wipro Philippines | November 2021 – June 2022

- Supported United Airlines customers through phone, email, and chat across reservations and travel-related concerns.
- Processed flight reservations, ticket changes, cancellations, and rebooking requests according to applicable procedures.
- Resolved cases involving flight disruptions, refunds, delays, and compensation while applying airline policies.
- Handled MileagePlus inquiries involving points, redemption, and membership status.

- Applied airline procedures and government travel regulations when processing customer requests.

BARANGAY TREASURER

LGU – Barangay Balidbid, Santa Fe | March 2020 – August 2021

- Managed collection of taxes, fees, and other revenues while maintaining supporting financial records and official receipts.
- Maintained bookkeeping records and prepared monthly and quarterly financial statements.
- Coordinated fiscal matters and financial planning with the Barangay Captain and Council.
- Maintained financial documentation in accordance with Commission on Audit (COA) requirements and procedures.

ADMIN OFFICER

Cebu Andok's Corporation | March 2018 – March 2019

- Coordinated daily administrative operations across multiple Cebu branches and supported communication between head office and branch managers.
- Managed office supply inventory, procurement, and distribution to support branch requirements.
- Maintained business permits, licenses, and regulatory documentation to keep branch records current.
- Prepared documentation for LGUs, BIR, DOLE, and other regulatory bodies.
- Consolidated branch sales, inventory, and manpower reports for centralized head-office reporting.
- Maintained administrative records across multiple operational areas to support organized reporting and documentation.

HRMO STAFF

LGU – Santa Fe | July 2019 – April 2020

- Supported recruitment administration through vacancy posting, application screening, and interview scheduling.
- Maintained employee files, databases, and records with controlled access to confidential information.
- Processed payroll-related data covering attendance, overtime, and government contributions.
- Prepared HR correspondence, memoranda, and notices while maintaining organized HR documentation.
